

DISTINGUISHED STYLE

now joins matchless mechanism

THE new G-E Monitor Top model is the finest refrigerator General Electric ever built. Brilliantly beautiful in appearance, its distinguished styling, new features and new refinements will add a modern note to your kitchen. The famous Monitor Top mechanism is built to endure far beyond the service expectancy of ordinary refrigerators. Sealed in ageless steel, safe from dirt, dust and moisture, it requires no attention, not even oiling.

It freezes more ice faster, uses less current, provides more usable storage space, and is equipped with every modern convenience feature.

With a performance record that is unmatched by any refrigerator, the General Electric is universally recognized as the standard of excellence—and lowest in ultimate cost.
